INFECTED TKR SYMPOSIUM

Friday 13th March
2015

Council Chamber
City Hall
Cardiff

Invitation

Dear Colleague

The infected total knee replacement remains one of the most devastating complications for patients. Thankfully, we have techniques and strategies available to deal with infection and recover function. This one day seminar will allow in-depth discussion and review of the current state-of-play with an experienced, eminent international faculty. I hope you can come and enjoy both the meeting and the city of Cardiff.

Rhidian Morgan Jones
Consultant Orthopaedic Surgeon
Cardiff

Programme of Events and Registration

Registration fees:

Early Bird up until 31st January 2015:	Consultants - £130	Trainees - £80
Thereafter:	Consultants - £160	Trainees - £110

Afternoon Masterclass – Cases from Cardiff

Thursday 12th March in Cardiff Castle (4:30pm-6:30pm) - £25 per person

In addition to the Infected TKR Symposium on 13th March, a 2 hour workshop will be held on Thursday 12th March, 4.30pm-6.30pm in the Undercroft, Cardiff Castle. Rhidian Morgan Jones and his team will present some difficult cases for the audience to review. This interactive session will be followed by the Satellite Symposium and then the Welcome Reception in the castle. Please register on-line; also note that numbers are limited for this workshop so it is advised to register early
